

PRODUCT END-OF-LIFE (EOL)

Avocent® Local Rack Access Consoles and AV2000 Series KVM Bundles with RAK-Key

OVERVIEW

Models: Avocent® AutoView AV2000 KVM switches and the RAK-Key

Region: North America, Latin America, Asia Pacific, EMEA

EOL Announcement: March, 2017

- End-of-Sale: June 30, 2017 or while supplies last or while supplies last
 - Last day for old product orders
 - Last day for extended warranty sales
- Last Shipment Date: September 30, 2017
- End of Life: June 30, 2022 (or last day of extended warranty)

Effective June 30, 2017, Vertiv™ will end distribution of the Avocent AutoView AV2000 KVM switches and the RAK-Key.

As a result, the current Avocent Local Rack Access Console Bundles will be changing to eliminate the RAK-Key and include the new AV3000 series KVM switches. The current MPUIQ-VMCHS modules will continue to be included in the new bundle. Price for the new bundle will be maintained.

After June 30, 2017 the listed SKUs will be at End-of-Sale (EOS) and they will no longer be available for purchase from Vertiv.

All orders for these products should be transitioned to the new Avocent Local Rack Access Console and AutoView AV3000 Series KVM switch Bundles.

The new AV 3000 series KVM switches are built for small datacenters and remote/branch office environments and provide “best-in-class” features and capabilities for secure, consolidated and streamlined access (local or remote) to server resources.

Vertiv offers a broad portfolio of solutions to address the remote access, control and IT management requirements of any business. These new and improved Local Rack Access and KVM Switch Bundles provide the ultimate capability and affordability for our loyal customers!

The EOL SKUs along with their recommended replacements are shown in the below table.
