

Avocent® 4K IP KVM Adapter

Quick Installation Guide

NOTE: Avocent 4K IP KVM adapter video cable connection options for DP, HDMI and MiniDP are available. In addition to the video cable, each adapter has a single USB Type A cable for keyboard/mouse control and to provide power to the adapter.

1. Connecting the adapter to the target device

Plug the adapter's video connector and keyboard/mouse USB connector into the appropriate ports on the target device.

2. Connecting to the Vertiv™ Avocent® IPUHD 4K IP KVM device

Using the USB-C cable provided with the Avocent IPUHD device, connect the USB-C port of the adapter to the USB-C port of the Avocent IPUHD device.

The blue LED illuminates when the type C connection is successfully negotiated. The green power LED illuminates when the adapter is powered.
