Intuitive Access & IT Management

The power of being there
no matter your location.

Vertiv™ Avocent® Access and IT Management Solutions

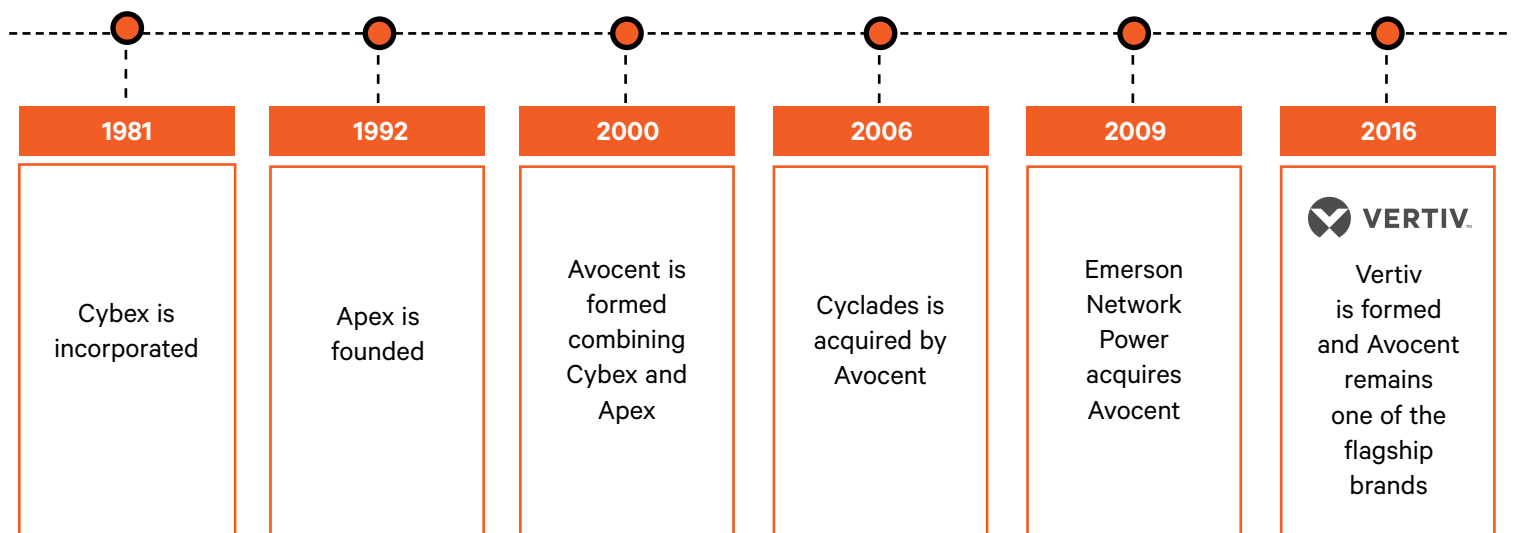

Today's IT environments exist in a complex web of systems and locations that can be difficult to manage. Deploying IT devices, managing operations of disperse IT locations without local staff, and providing both secure and non-secure working environments are a few of the hurdles IT staff face – in addition to assuring uptime of IT systems and managing costs.
